

## United Kingdom

Distribution to national, regional and trade media, including national and regional newspapers, radio and television stations, through proprietary and news agency network of The Press Association (PA).

In addition, the circuit features the following complimentary added-value services:

- Posting to online services and portals with a complimentary ReleaseWatch report.
- Coverage on PR Newswire for Journalists, PR Newswire's media-only website and custom push email service reaching over 100,000 registered journalists from 140 countries and in 17 different languages.
- Distribution of listed company news to financial professionals around the world via Thomson Reuters, Bloomberg and proprietary networks.

Releases are translated and distributed in English via PA.
